Professional Summary

Passionate Frontend Developer skilled in HTML, CSS, JavaScript, and React.js. Built responsive user interfaces, designed a published UI library, and optimized projects for performance and accessibility. Currently learning TypeScript and Next.js to deepen frontend expertise.

Education

Allenhouse Institute of Technology, A.K.T.U   Oct 2021 – July 2025
B.Tech in Computer Science and Engineering   *Kanpur, Uttar Pradesh*

Certifications

DSA - LearnYard: Certified

Experience

Netcamp Solutions   **July 2024 – Aug 2024**
Frontend Web Developer Intern (Remote)
- Developed responsive UI for a Railway Ticket Booking platform, improving engagement by 25%.
- Optimized frontend code for 30% faster loads using best practices in HTML, CSS, and JavaScript.
- Collaborated with a 4-member team to deliver user-friendly frontend interfaces using React.

Projects

Reaxify | React, CSS, Vite, NPM   ⌨ **Live**
- Created a customizable React component library with reusable elements like Badge, Banner, Tooltip, ToastPopup, Testimonial, Card, and Loading Screen.
- Styled with modular vanilla CSS and published on **npm** for seamless use in React apps.
- Achieved Lighthouse scores: **Performance 97**, **Accessibility 93**, **Best Practices 100**, **SEO 91**.

Assembly Endgame | React, JavaScript, HTML, CSS   ⌨ **Live**
- Developed a word-guessing game using React's component-based design and state handling.
- Implemented an interactive on-screen keyboard with real-time visual feedback.
- Achieved Lighthouse scores: Performance 100, Accessibility 95, Best Practices 100, SEO 90.

Amazon Clone | JavaScript, HTML, CSS, Jasmine   ⌨ **Live**
- Built product search and listing pages for 50+ items to simulate e-commerce UI.
- Integrated cart functionality with add/remove buttons and a mock checkout flow.
- Used Jasmine for UI testing, improving reliability and reducing visual bugs by 90%.
